

LumenAI System Architecture — Secure Hospital Integration

This infographic shows how LumenAI integrates with hospital IT while ensuring security, compliance, and efficiency.

Security Controls

- OIDC/AD SSO
- Audit Logs (immutable)
- Signed Containers & SBOM
- Egress Allowlist
- Compliance Bundles

Stakeholder Views

- SPD Technician: Live video + AI overlay
- Educator: Training mode + annotated cases
- Manager: Dashboard (fail rates, ROI)
- IT: SBOM, signed images, SIEM logs
